**Why JCSUSA.com is the #1 Choice**  
**for Law Firms and Attorneys**  
**for Asset Search Services**

- ✓ **Emphasis** – Judgment Collection Specialists work almost exclusively with law firms and attorneys. We understand and deliver the information you require, in a format that is appropriate for your legal proceeding. We do not work primarily with the retail market.
- ✓ **Legality** – We do not pre-text on our bank searches. All searches are conducted according to GLBA and other privacy law. Some competitors may not be conducting their searches in such a manner.
- ✓ **Scope** – All searches are nationwide. Our bank search canvasses ALL nationwide institutions, plus every banking institution within a subject's current and historical locales.
- ✓ **Affordable** – Our "no hit" fee structure, where you only pay full price for confirmed asset and financial holdings, insures the search will be affordable for your client.
- ✓ **Thorough** – We don't believe in the "quick answer". Law firms require their researchers to exhaust every possible lead in order to present a complete picture of a subject's asset holdings. Our cycle times insure closure on all relevant leads.
- ✓ **Stable** – We have been in business over 12 years, with the founders of the company having over 30 years of credit, collections and legal research experience.
- ✓ **Precision** – We do not release results unless we are 100% confident that the information is current and accurate, as of the date we release results.
- ✓ **Depth** – We don't just give the basics. We give complete and comprehensive information:

***Property Search:*** we provide hard copies of deeds, tax records and market estimates for current real property findings.

***Bank and Brokerage Search:*** we provide banking institution, branch, phone number, type of account, **current balance** and last deposit (as available).

- ✓ **Accountability** – We are a member of the Better Business Bureau with an A+ rating for every year of membership. We are also bonded and insured.
